Transforming a community through education

Expand Your Horizons with Limitless Horizons Ixil

July 31 – August 9, 2015

Serve, learn, and explore for 10 days this summer in the culturally rich Maya Ixil community of Chajul, Guatemala. We invite you to join our experienced and trusted staff for this trip of a lifetime.

Discover Guatemala

During your trip across Guatemala you will visit the UNESCO World Heritage Site of Antigua, one of the world’s largest handicraft markets in Chichicastenango, and the mystical volcanic Lake Atitlan before discovering the tranquil beauty of the Ixil highlands. In Chajul, you will experience daily life in a remote Maya village while engaging in community development and education projects.

Serve: Help students, build a classroom or a garden, work with eager readers in our library, or engage the community through other active service projects.

Learn: Immerse yourself in the local Maya culture with a lesson in the Ixil language. Visit local schools and hear directly from students and teachers.

Discover: Visit the home of a local family and prepare the region’s traditional dish of boxbol, practice back-strap weaving, or make tortillas.

Explore: Famed for its misty mountains and spectacular hikes, explore the natural beauty of Chajul with one of our many guided tours.

“A once-in-a-lifetime experience that could only be provided by an organization like Limitless Horizons Ixil that is professional, trusted, entrenched, and respected in the community.”

– 2012 Trip Participant
