Dreams aren't just fantasy, they are road maps waiting to be used.

The Problem
Georgia is experiencing an opportunity gap in the educational system. For many students, especially those in lower-income families, the opportunity to be that role model, but more importantly the person who sees value in them when it is invisible to most. Our partners are needed to help fill this gap.

Our Solution
Dream Chasers is a 501(c)(3) organization dedicated to closing the opportunity gaps in educational outcomes for underserved youth. Our mission is to disrupt the cycle of educational and economic underperformance by providing mentorship as the key method keeping students in school, and have monthly meetings and events. We are applying for a Davis Projects for Peace Grant, as well as a PCSE Seed Grant. This budget reflects the amount we will need to support our goal.

The Market
Many programs exist to reduce the achievement gap between lower-income and higher-income students. Some of these programs are structured as private or school activities in which students perform one-on-one or group work with mentors. Our partners are unique in that we work with community-accommodated teams, and our mentors are local college students.

Metrics
Dream Chasers' rapid growth is a result of its unique approach to mentorship. Our partners arrange for a five-day training workshop during the summer. This will cover activity costs, handouts, and backpacks and school supplies. For the past three years, Dream Chasers has held a Back to School Bash to get high schoolers and local college students to be mentors. These mentors will undergo a five-day training program. We will also receive $1,000 for community engagement and relationship building with potential supporters.

Our Timeline
June 1st: Recruit, interview and create team of high school and college mentors.
June 20th-25th: Training during the summer. This will cover activity costs, handouts, and backpacks and school supplies.
July 5th: Day training workshop during the summer. This will cover activity costs, handouts, and backpacks and school supplies.
August 8th: Dream Chasers will be ready to start.

Our Partners
Name: AJ Wilson
Class: 2018
Major: Government (American Politics)
Email: alwilson@wesleyan.edu

Name: Julian Payne
Class: 2017 at Kennesaw State University
Major: Computer Science and Applied Statistics
Email: julian.payne31@yahoo.com

Name: Rhea Dzienkiewicz
Beauty Director at Dream Chasers
Email: rhea@dreamchasers.org

Name: Alana B."I Love To Learn" Tidwell
Grants Coordinator
Email: abi@dreamchasers.org

Name: Jewel Slone
Director of Kennesaw, GA Dream Chasers
Email: jewel@dreamchasers.org

Budget
Dream Chasers won $5,500 from a previous grant competition, the art of engaging for the benefit of students and communities. Our partners are dedicated to creating a supportive, peer community to Atlanta and beyond.
